

### Swivels

Designed for overhead line stringing.  
Precision machined, alloy steel.  
Neoprene seals with stainless steel spring retainers.  
Compatible with strengths of pulling line and grips.

### Pulling Grip

Ideal for Sherman + Reilly Uniline™ rope.  
Up to 200% stronger than other high-strength Pulling Grips.  
Dua-Pull® mesh design offers improved holding power.  
Recommended for pulling bare or insulated conductor, cable, wire rope, and synthetic ropes.

### Pulling Tools

P-1™ Locking Tool designed for fast, economical application of Punch-Lok™ clamps.  
311 Bands: Punch-Lok® bands are applied over the tail of Dua-Pull® Grips to prevent the mesh from being stripped or pulled loose.  
D-550 Clamp Cutter: powerful 14" cutter removes any punch-type clamps with minimum effort. One jaw cuts, the other jaw holds.
